

July 30, 2016 - 4 Seasons Recreational Club Monthly Meeting

Secretary's Report was approved as read on a Dennis/Gary motion.

Treasurer's Report was approved as read on a Dennis/Willard motion.

Bills & Correspondence

- Bills were submitted for Food and Fun supplies and parts to repair the drag. A Jean/Dave motion passed to pay the bills.

Old Business

- Club Logo Contest – We received 5 entries according to the contest rules. There was discussion about the printing/clothing costs associated with each. It was decided with a vote of 16 supported/5 opposed that the prize will be awarded as per the contest rules. We will research the cost of implementing the design. The winning entry was submitted by Shannon Rediger. Congratulations Shannon!
- Trail Report – Bill reported that trails were in good condition with no washouts following the last rain storm. We do need to add gravel off Chipmunk Hollow Road. Jon suggested we need to brush around the signs. Northwest Trails did not meet last month, but Bill will be in contact with Dan Corbin about grooming reports.
- Chuck talked to an individual from Dubie about the wear on the plate and explained our use. The Dubie rep agreed that the metal should have held longer. Since we already have the new plate and can't be without the groomer for an extended period this time of year, he suggested we repair as planned and when this plate wears in the next 2-3 years, he will fabricate a fix. Mike and Dick met with the individual that will weld the new plate on the groomer. He will be out next week to do the repair at a cost of approximately \$200. A Dennis/Cheryl motion passed to proceed.
- Chuck talked to Debbie about a donation in memoriam of Mark. She asked that the club not do anything and explained that Mark would not have wanted it.
- The Picnic Ride was July 9 with approximately 23 participants.

New Business

- Meat Raffle volunteers Aug 6 – Bill & Cindy Peck, Aug 20 – Heather & Risk Teske.
- Bill invited Mac Sport & Marine in Superior to participate in Food and Fun. They are considering, but have not get committed.
- Food and Fun – Discussed food consumption from last year and decided what we needed for this year. Various members volunteered to order specific items. Volunteers will collect door prizes from our commercial members. We are still in need of door prizes and raffle board gifts. Everyone is asked to help collect prizes or consider donating. All donations are appreciated and will help the profitability of Food and Fun.
- We reviewed the bill from Doucette's for 3 inflatables for the kids. We need to monitor the usage of the games to determine if we have an adequate number.
- Bob & Barb Wickland offered to sell the club a large cooler at a cost of \$30 plus a one year membership. We've had similar coolers in the past that we used at FNF, but the last 2 we had were borrowed and not returned. A Mike/Doris passed to purchase the cooler.
- We received a Thank You note from Gary and Rhonda Clark for our efforts to have Island Lake Road open to ATVs. The town has announced the potential trail and it will be going to a vote. We are waiting for the results before we can sign the trail to make it an official ATV route.

- WTDA is preparing their Fall/Winter event calendar. Jon will need the dates of any events we have planned that we want included.
-

Meeting adjourned on a Dennis/Wayne motion.

Respectfully submitted,
Doris Youngquist, Secretary
