

October 27, 2018

Secretary's report was approved as read on a Loren/Kirk motion.

Treasurer's report was approved as read on a Marlene/Loren motion. Jean presented the final accounting for Food and Fun. Total profit increased from previous year.

Bills & Correspondence – We received a donation request from the Wascott Children's Christmas Party. A Mike/Marlene motion passed to donate \$250. We received information about the Women on Snow event to be held Jan 25-27 in Eagle River for anyone interested in attending.

New Members – Welcome to Dan & Natalie Carlson and Jason & Jennifer Jorgenson.

Old Business

- Trails are reported to be excellent condition. We will groom one time per week through the end of the ATV season. Chuck will talk to Jack Pine Riders at the NW Trails meeting to see how long we will continue to groom Trail 41. We have received a lot of compliments about trail conditions.
- Meat raffle – Chuck & Doris volunteered for Nov 17. Need a volunteer for Nov 3.
- The Fall ATV Color Ride was Oct 13. We had 25 machines and 41 people attend. Thank you to Mike and Marlene for cooking hot dogs.
- Trail work day was Oct 20. We had 12 people help brush the trail for winter riding.
- We received the new sound system that will be available for members to borrow. Jean brought a lock box for us to use to lock the cables, etc for the original system. The old system will be offered to members or disposed of.
- Election of officers – Mike Pederson was unanimously elected as Vice President. Doris Youngquist withdrew her nomination for Secretary. Jennifer Pritchard was unanimously elected as Secretary.
- We discussed having a winter raffle for an ATV and also discussed alternative options for our summer raffle. It was agreed that we don't need a fall raffle at this time, and the summer raffle has been successful so we will not be changing anything.
- Tracks for the groomer have been ordered. Mike called to get prices and learned that the supplier only orders tracks in the spring and they only have 5 left. He purchased 2 tracks at \$6244 each. They will be ready for pick up in mid November.
- Tractor maintenance will be done at the end of summer grooming season.
- Dave is researching a rear camera for the tractor.

New Business

- NW Trails – Reminder to clubs to walk their trails before winter for potential repairs.
- Bill is willing to store the tractor for the winter on his property, but it will be outside.
- Jean will order wreaths for the landowners that are not members.

Next meeting is December 1.

A Loren/Kirk motion passed to adjourn.

Respectfully submitted,

Doris Youngquist, Secretary
